Featured Work

Investigative report My research was behind investigative report in Reportéři ČT called “Strachem ku zdraví” (To Health Through Fear). I used Register of Contracts and Hlídač státu to uncover the story.

Midnight interview Arranged, conducted, and edited an exclusive phone interview with the Minister of Health. Interview was published on TN.cz from an empty newsroom within 40 minutes.

Data visualization I designed the graphics for earlier reports of PastVina. Working under reporters Zuzana Černá and Václav Crhonek, I created visuals to effectively present their investigative findings.

More examples of my work are available on my website. I recently began providing live photographic coverage for TN.cz, documenting demonstrations and breaking news. My photos have appeared in minute-by-minute feeds, themed galleries, and TV coverage, and are available on my website and Flickr.
